Dear Parents of Band and Color Guard Students,

I am writing on behalf of the band and color guard at La Costa Canyon High School to request your generous support for the program. Specifically, we are requesting a donation of \$<AMT> for each student. We would be most grateful for your support of the Music Education Program at our school.

As a public school, the district only pays for the teacher's salary. For everything else, we must fundraise and ask for parent donations. We have budgeted expenses of around \$<AMT> for the 2023/24 school year.

The primary expenses include:

- Show and drill development
- Part-time coaches
- Show & performance entrance fees (marching band and concert ensemble)
- Bus transportation to shows
- Sheet music for marching band, concert band and jazz band
- Instruments, sound equipment, uniforms, and maintenance

Thank you in advance for partnering with us as we raise much needed funding for the music program at our public school.

Please find the donation form attached, as well as our nonprofit tax ID number and all other pertinent information in the left margin of this letter.

Thank you for your consideration.

Sincerely,  
LCC Band Boosters
