

A Year We Will Never Forget

Pandemic and technical glitches notwithstanding, Foundation still makes an impact.

Dear LCC Community,

On behalf of the LCC Foundation, I wanted to write and thank you for all of your support during what was an absolutely bizarre school year. This was my 6th school year as Executive Director of the LCC Foundation and I can say, without a doubt, that we have never had a school year anything close to this one. It was one for the record books indeed!

This year we raised almost \$300,000 for LCC

Even though we were not able to do all of the things we planned through the Foundation this year, we were still able to make a huge impact across our campus. This year, we were able to raise almost \$300,000 to support our classrooms, teachers, students and support staff! And that doesn't include the almost \$1,000,000 we raised for our athletic programs!! None of that would have been possible without the tireless work of over 100 volunteers (liaisons, board members, office volunteers, etc) and the incredible generosity of our LCC community.

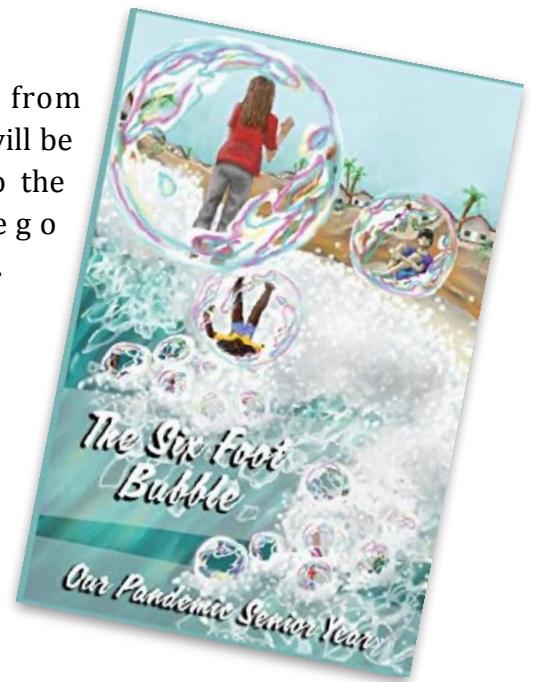

One of the projects we are most excited about is the new construction of Maverick Park on campus (in the meadow). This was an amazing project that our Foundation spearheaded with a sizable downpayment to get this project off the ground. Partnering with our District and Admin team, the Foundation has been involved from the very beginning in the creation and planning of this project. We are so excited for our Maverick families to see it when your students return to campus in the Fall.

It is a much needed space for our students to eat lunch, congregate (when that is allowed again), play games, and relax. It will also be a great space for future gatherings of parents and prospective students to LCC. I would like to personally thank the Woltman family for providing generous funding of this project, as well as the collaborative effort and financing of our District to bring Maverick Park to fruition.

I also wanted to send out a huge congratulations to the Class of 2020! We know this school year did not end the way you wanted, but you are certainly a class that will never be forgotten at LCC.

The Foundation was so grateful it was able to support the Senior Sendoff, the Senior Signs, and the Senior Banners seen across the campus and community. We especially loved the opportunity to help publish "The Six Foot Bubble: Our Pandemic Senior Year", a book written by a few of our Seniors. We encourage everyone to visit Amazon and [purchase a copy!](#)

Proceeds from the book will be donated to the San Diego Food Bank.

Once again, notwithstanding all the craziness of this school year, thank you to everyone in the LCC Community for helping us make such a significant impact at our school. Your partnership is what makes the LCC Foundation's work possible. We look forward to your support next year as we begin to rebuild and reboot after this unforgettable year.

Have a wonderful summer!

Dale Jagers

Executive Director, LCCHS Foundation
